CLARIFICATION OF MISSING PARTS REQUEST FOR USPTO # 10/047080

The attached copy of the missing parts request for the above referenced patent application conflicts with the funds and letter that were sent to the PTO on June 14, 2002. The drawings and Abstract are included as requested. The enclosed copy of the post card that I received from the PTO shows that the PTO did receive the package as indicated by the stamp of the PTO on the back of the card. Please explain why additional funds are now required.

Sincerely,

A handwritten signature in cursive script, appearing to read "John Babcock".

Re: Missing Parts and Fees for pat. Application number 10/047,080
(PCT/US01/05733)

On March 4, 2002 I sent a substitute specification and letter of explanation to the PTO for the above referenced pat. Application that was sent to the PTO on January 14, 2002. The enclosed copy of the post card that was received by the PTO is included. I have never received any correspondence other than the post card to indicate that the PTO had received the sub. Spec. request. Following the mailing of the sub. Spec. to the PTO I did however, receive the filing receipt for the Jan. 14, 2002 application (copy also included) which stated that I send \$191 to the PTO. Please cancel the 3 independent claims and accept the enclosed \$65 small entity fee that was not included in the Jan. 14, 2002 application. That amount is enclosed along with the associated forms. I recently talked to a staff member of the PTO who was nice enough to verify that the PTO had indeed received the sub. Spec. although they did not respond as I had expected.

I hope that this will complete the initial application phase for the above referenced application.

Sincerely,

John Babcock

Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15**

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10-(j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
